Date	27 June 2026
Team ID	
Project Name	Rising Waters
Maximum Marks	1 Mark

Communication Plan

Effective communication played an important role in the successful development of the **Rising Waters** project. Regular discussions were conducted among team members to monitor progress, solve technical issues, and ensure timely completion of milestones. Feedback from the project guide was incorporated throughout the development process to improve the project's quality.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Stand-up Meeting	Daily	Google Meet / WhatsApp	Team Members	Discuss daily tasks and progress
2	Progress Update	Weekly	Google Meet	Team Members & Guide	Review completed work and assign new tasks
3	Issue / Bug Discussion	As Needed	WhatsApp / GitHub	Development Team	Resolve coding and model-related issues
4	Stakeholder Review	Bi-Weekly	Google Meet	Team & Project Guide	Collect feedback and improve the application
5	Final Demo Rehearsal	Once	College Lab / Google Meet	Entire Team	Practice project presentation before evaluation
6	Documentation Review	Weekly	Google Docs	Team Members	Verify reports, milestones, and documentation

Communication Challenges & Resolutions

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty integrating the machine learning model with the Flask application	Conducted team discussions and tested integration until successful
2	Differences in coding approaches among team members	Established coding standards and divided responsibilities clearly
3	Delays in collecting and preprocessing the dataset	Assigned dataset preparation to dedicated members and monitored progress regularly
